# 阅读 Reading • FIB + MCM-R + RO + FIBD&D + MCS-R 本项得分 46 / 90

本部分共 16 题：FIB 读写填空（下拉选词）Q1–5、MCM-R 多选 Q6–7、RO 段落重排 Q8–9、FIBD&D 读填空（拖词入空）Q10–14、MCS-R 单选 Q15–16。每题保留文章原文、你的作答（空处对错与平台一致：✓绿勾= 选对，✗红叉 = 选错并给正确答案）、选项/词库（正确项加粗）、平台中文解析、你的答案与得分；并为每篇文章附中文翻译。本套阅读总分 46 / 90。

## Q1 FIB #386 Product Selling

读写填空 • 评分 4 / 5

### 文章 Passage（含填空作答）

Once an organization has its product to sell, it must then determine the appropriate price to sell it at. The price is set by ✓balancing many factors including supply-and-demand, cost, desired profit competition, perceived value, and market behavior. Ultimately, the final price is ✓determined by what the market is willing to ✓exchange for the product. Pricing theory can be quite complex because so many factors influence what the purchaser decides is a fair ✓value.

It also should be ✗pointed (答案: noted) that, in addition to monetary exchange, price can be the exchange of goods or services as in a barter agreement, or an exchange of specific behavior, such as a vote in a political campaign.

**译** 一旦组织有了要销售的产品，就必须确定合适的售价。价格由平衡供求、成本、预期利润与竞争、感知价值和市场行为等诸多因素来设定。最终，产品的价格取决于市场愿意为它交换什么。定价理论可能相当复杂，因为有太多因素影响购买者所认为的公平价值。还应注意的是，除了货币交换，价格也可以是货物或服务的交换（如以物易物），或是特定行为的交换，比如在政治竞选中投票。

### 选项 Choices（每空 4 选 1，正确项加粗）

1. comparing, begetting, **balancing**, offsetting
2. collected, mitigated, **determined**, exhausted
3. consign, design, **exchange**, prepare
4. addition, shape, content, **value**
5. pointed, enlarged, overrated, **noted**

## 解析 Explanation

- 1. balancing** 【思路】The price is set by \_\_\_\_ many factors including... 本句大意：产品价格由“包括……在内的诸多因素”所决定（set by）。首先排除 begetting“引起、导致”和 offsetting“弥补、抵消”，均不搭配宾语“因素”；再看 comparing“对比”和 balancing“平衡”，结合常识，商品价格是多种因素共同作用、综合考虑后做出的，而非对比多种因素，故排除 comparing，选 balancing“平衡多种因素”。【考点】单句理解 + 单词辨析
- 2. determined** 【思路】...the final price is \_\_\_\_ by what the market is willing to ... for the product. 排除 collected“收集”、mitigated“减轻”、exhausted“耗尽”（代入说不通），只有 determined“决定”与 price 搭配。【考点】单句理解 + 单词辨析
- 3. exchange** 【思路】...what the market is willing to \_\_\_\_ for the product. 市场愿意用什么东西换该产品；consign“寄存/委托”、design“设计”、prepare“准备”均不合，市场交易即以物换物或以钱换物，故选 exchange。【考点】单句理解 + 词意辨析
- 4. value** 【思路】...what the purchaser decides is a fair \_\_\_\_ . 句中已出现“因素”，空格应填表“定价”的名词；addition“增添物”、shape“形状”、content“内容”均不合，选 value“价值、价格”。【考点】上下文理解 + 单词辨析
- 5. noted** 【思路】It also should be \_\_\_\_ that, ... 选项中 pointed“被指”无引导 that 从句的用法；enlarged“增大”、overrated“高估”均说不通；只有 noted“注意”合适。【考点】单句理解 + 单词辨析

你的答案：balancing, determined, exchange, value, **pointed**      本题得分：4 / 5      (用时 02:50;  
第 5 空 pointed→noted)

## Q2 FIB #387 Green Spaces

读写填空 · 评分 3 / 4

### 文章 Passage (含填空作答)

Green spaces contribute significantly to a ✓ **reduction** in soil and aerial temperatures during spells of hot weather, so contributing to human wellbeing. In the garden ✓ **context**, there is, however, little information as to what extent various types of plants ✗ **defer** (答案: **differ**) in their cooling potential and how certain planting combinations may maximize cooling under a scenario of ✓ **low** rainfall and minimal water inputs.

**译** 在炎热天气期间，绿地能显著降低土壤和空气的温度，从而有益于人类福祉。然而，在园林环境中，关于不同类型的植物在冷却潜力方面有多大差异、以及在低降雨量和最少水输入的情景下哪些植物组合能最大化降温，相关信息却很少。

### 选项 Choices (每空 4 选 1，正确项加粗)

- genesis, conclusion, purification, **reduction**
- background, level, **context**, volume
- confer, **differ**, alternate, defer
- total, **low**, parallel, dropped

## 解析 Explanation

1. **reduction** 【思路】绿地有利于 \_\_\_\_ 土壤和空气的温度，据后文 so contributing to human wellbeing, 炎热天气降温对人更好，故在 genesis(起源)/conclusion(总结)/purification(净化)/reduction(减少) 中只能选 reduction。【考点】上下文理解

2. **context** 【思路】In the garden \_\_\_\_, there is...; background”背景”、level”水平”、volume”体积/音量”均说不通，只有 context”环境”合适，in the garden context 即”在花园环境中”。【考点】词义辨析

3. **differ** 【思路】as 做连词连接前后两句，主语 various types of plants, 空格为谓语动词；常识可判断”不同植物的冷却潜力是不同的”，故在 confer(商讨/授予)/differ(不同于)/alternate(交替)/defer(推迟) 中只有 differ 能表达”不同”。【考点】句意理解

4. **low** 【思路】under a scenario of \_\_\_\_ rainfall and minimal water inputs; and 连接两个名词词组，空格要与 minimal 对应表”少的、低的”，在 total/low/parallel/dropped 中选 low，搭配 rainfall 即”最少的降雨量”。【考点】并列结构

你的答案：reduction, context, defer, low      本题得分：3 / 4      (用时 02:17; 第 3 空 defer→differ)

## Q3 FIB #28 Guide Stick

读写填空 · 评分 3 / 5

## 文章 Passage (含填空作答)

Foldable white canes help the ~~X insensitivity~~ (答案: visually) impaired navigate their surroundings. But the guide stick's tactile nature offers only so much information. The cane's user must manually find and avoid obstructions. But new high-tech canes are on the horizon. Last year researchers in India tried to fill in some of the missing info with their experimental SmartCane. The device uses an attached ultrasonic transmitter and a sensor that vibrates the cane to warn its users when an obstacle is within three meters. Students at the U.K.'s Birmingham City University are developing a cane that can even identify acquaintances as they ~~X skinhead~~ (答案: embedded) digital camera that analyzes the faces of people walking by and compares their images against a database stored on a memory card in the cane's handle. If there's a facial recognition match, the cane alerts the user's ~~X smartphone~~ (答案: smartphone) via Bluetooth. The phone then identifies the approaching person to the user via its speaker or earbuds. The ~~X students~~ (答案: students) are building a prototype they'll test later this year. The hurdles are significant: facial recognition is a tough problem, especially outdoors. But if the XploR works, it could actually give the visually impaired a leg up on everyone else — especially those of us who never remember people's names.

**译** 可折叠的白手杖帮助视障者在周围环境中导航，但手杖触觉所能提供的信息有限，使用者必须手动寻找并避开障碍物——不过新型高科技手杖即将问世。去年印度研究人员用实验性的 SmartCane 试图补上一些缺失信息：该设备装有超声波发射器和传感器，当障碍物进入三米内时震动手杖以警示用户。英国伯明翰城市大学的学生正在研发一种甚至能在熟人走近时辨认出他们的手杖。这款名为”XploR”的移动手杖内置嵌入式数码相机，分析路过者面部，并与手杖手柄记忆卡中的数据库比对。一旦匹配成功，手杖通过蓝牙提醒用户的智能手机，手机再经扬声器或耳机告知走近的人是谁。这些学生正在制作原型，将于今年晚些时候测试。难点不小：面部识别是个难题，尤其在户外；但若 XploR 成功，它真能让视障者比常人更有优势——尤其对我们这些总记不住名字的人。

### 选项 Choices (每空 4 选 1, 正确项加粗)

1. felicity, insensitivity, **visually**, malleability
2. likelihood, throat, northernmost, **approach**
3. untested, **embedded**, deadest, skinhead
4. waterborne, alone, **smartphone**, postpone
5. jurisprudence, bootless, **students**, jukebox

### 解析 Explanation

**1. visually** 【思路】help the \_\_\_ impaired navigate...; 考察 the+ 形容词表名词 (如 the rich), the impaired 指健康受损者, 故选副词 visually, the visually impaired 即“视障者”。felicity n. 幸福、insensitivity n. 不灵敏、malleability n. 可锻性, 词性词义均不符。【考点】副词; 单句理解

**2. approach** 【思路】...identify acquaintances as they \_\_\_, as 从句缺谓语, 选动词; throat“用喉音”不合, approach“接近”, 表达熟人走近时可辨认。【考点】从句; 单句理解

**3. embedded** 【思路】includes an \_\_\_ digital camera...; an 说明元音开头, untested“未经检验的”与后文“已用于分析比较”矛盾排除, 手杖小巧、相机需嵌入才实用, 选 embedded“嵌入的”。【考点】形容词 + 名词结构; 单句理解

**4. smartphone** 【思路】alerts the user's \_\_\_ via Bluetooth; 受 user's 修饰、缺宾语, 应选名词且为用户所有物, waterborne/alone/postpone 均不合, 选 smartphone。【考点】单句理解

**5. students** 【思路】The \_\_\_ are building a prototype...; 系动词 are 前缺复数主语, 只有 students“学生”符合; jurisprudence 法学、bootless 无用的、jukebox 自动点唱机均不符。【考点】主谓一致; 单句理解

你的答案: insensitivity, approach, skinhead, smartphone, students      本题得分: 3 / 5 (用时 03:21; 第 1 空 insensitivity→visually、第 3 空 skinhead→embedded)

## Q4 FIB #33 Clown Fish

读写填空 · 评分 3 / 5

### 文章 Passage (含填空作答)

Clown fish became famous thanks to the movie Finding Nemo. In real life, their social hierarchy is simple: larger fish dominate their smaller ~~X palms~~ (答案: counterparts). Now we know that to reinforce this social structure, the fish communicate with aggressive and submissive audio signals. The new info is in the journal PLoS ONE.

Researchers ~~✓ recorded~~ clown fish calls, ~~✓ capturing~~ this noise as one chased a smaller fish. These popping sounds function as an aggression signal. When a clown fish has been chased and wishes to submit, it shakes its head in a submissive gesture and produces clicking noises like these. The researchers ~~✓ compared~~ the aggressive and submissive calls, and found that the sound pulses in a submissive signal were shorter and more high-pitched.

Unlike many animals that use sound to draw in ~~X exponential~~ (答案: potential) mates, clown fish appear to use their calls only as labels of social status. When a little fish makes submissive sounds to a larger one, neither has to invest in a physical confrontation. Which is good news for small-fry like Nemo.

**译** 小丑鱼因电影《海底总动员》而出名。现实中它们的社会等级很简单: 大鱼支配小鱼。如今我们知道, 为强化这种结构, 小丑鱼通过攻击性与顺从性的声音信号沟通 (新发现见期刊 PLoS ONE)。研究人员录下了小丑鱼的叫声,

捕捉到一条鱼追逐另一条小鱼时的声音；这些“砰砰”声起攻击信号的作用。当一条小丑鱼被追逐并想示弱时，它会摆头做顺从姿态并发出类似咔嗒声。研究人员比较了攻击性与顺从性叫声，发现顺从信号的声脉冲更短、音调更高。与许多用声音吸引潜在配偶的动物不同，小丑鱼似乎只把叫声当作社会地位的标签。当小鱼向大鱼示弱发声时，双方都无需肢体冲突——这好像尼莫这样的小鱼是个好消息。

### 选项 Choices (每空 4 选 1, 正确项加粗)

1. palms, prompts, traps, **counterparts**
2. unfolded, deported, **recorded**, dialed
3. cluttering, profiting, **capturing**, padlocking
4. pared, **compared**, guided, treaded
5. exponential, **potential**, nimble, ventral

### 解析 Explanation

**1. counterparts** 【思路】冒号后是对前面 social hierarchy 的具体说明（大鱼统治小鱼），与 larger fish 相对应的是小鱼，故选 counterparts“对应的事物”；palms“手掌/棕榈”、prompts“提示符”、traps“陷阱”均不恰当。【考点】词义辨析；单句理解

**2. recorded** 【思路】Researchers \_\_\_\_ clown fish calls...；unfold“揭露”、deport“驱逐”、dial“拨号”按宾语 clown fish calls 排除，record“记录/录制”最合。【考点】动宾搭配

**3. capturing** 【思路】逗号前已是完整主谓宾，考察现在分词作伴随状语；this noise 即 calls，capture“捕捉”与 record calls 可作伴随动作；clutter/profit/padlock 均不合。【考点】现在分词；单句理解

**4. compared** 【思路】空格动词与 and found 并列；后文 were shorter and more high-pitched 有比较级，说明对比了两种叫声，故选 compare；pare“去皮”、guide“引导”、tread“踩踏”不合。【考点】并列关系；动宾搭配

**5. potential** 【思路】修饰名词 mates, draw in 表“吸引”；exponential“成指数的”、nimble“灵活的”、ventral“腹部的”均不合，吸引“潜在的”伴侣最通顺，选 potential。【考点】搭配；单句理解

你的答案：palms, recorded, capturing, compared, exponential 本题得分：3 / 5 (用时 02:19；第 1 空 palms→counterparts、第 5 空 exponential→potential)

## Q5 FIB #79 Wind

读写填空 · 评分 4 / 5

### 文章 Passage (含填空作答)

The world's atmosphere is forever on the move. Wind is air in motion. Sometimes air moves slowly, giving a gentle breeze. At other times it moves rapidly, creating gales and hurricanes. ✓Gentle or fierce, wind always starts in the same way. As the sun moves through the sky, it heats up some parts of the sea and land more than others. The air above these ✓hot spots is warmed, becomes lighter than the surrounding air, and begins to rise. Elsewhere, cool air sinks, because it is ✓heavier. Winds blow because air squeezed out by sinking, cold air is sucked in under rising, warm air. Winds will blow wherever there is a ✗diversity (答案: difference) in air temperature and pressure, always flowing from high to low pressure. Some winds blow in one place, and have a local name — North America's chinook and France's mistral. Others are part of a huge circulation pattern that sends winds over the ✓entire globe.

译 地球大气永远在运动，风就是运动中的空气。有时空气缓慢移动形成微风，有时快速移动形成大风和飓风。无论

温和还是猛烈，风总以同样方式开始。太阳划过天空，对海陆某些部分的加热多于他处；这些热点上方的空气被加热、变得比周围空气轻而上升。别处冷空气因更重而下沉。风之所以吹，是因为下沉冷空气被挤出、又被吸入上升暖空气之下。只要空气的温度与气压存在差异，风就会吹，总是从高压流向低压。有些风只在一处吹并有当地名称——如北美的钦诺克风、法国的密史脱拉风；另一些则是把风吹遍全球的巨大环流模式的一部分。

### 选项 Choices (每空 4 选 1, 正确项加粗)

1. convergence, diversity, discretion, **difference**
2. **entire**, all, total, wholesome
3. **heavier**, deeper, larger, colder
4. cold, **hot**, cool, warm
5. **Gentle**, Wild, Chill, Aloud

### 解析 Explanation

1. **Gentle** 【思路】\_\_\_ or fierce, wind always starts...; 句首 or 并列的两个形容词意思相反产生对比，只有 gentle“温和的”与 fierce“猛烈的”为反义；Wild/Aloud/Chill 排除。（小技巧：选项中某词与其余三词情感色彩明显不同时，常为正确项。）【考点】前后文联系、词义辨析
2. **hot** 【思路】The air above these \_\_\_ spots is warmed; 后文 is warmed 说明气体经热的地方升温，排除 cold/cool; hot 温度更高，其上方温度才会是 warm，故选 hot。【考点】前后文联系、词义辨析
3. **heavier** 【思路】cool air sinks, because it is \_\_\_; 明显因果，冷空气下沉只有 heavier“更重”直接满足该逻辑，呼应前文气体变轻上升；deeper/larger/colder 排除。【考点】前后文联系、因果关系
4. **difference** 【思路】wherever there is a \_\_\_ in air temperature and pressure, always flowing from high to low pressure; 风从高压往低压走，说明不同压力造成风向不同，选 difference“差异”；convergence/discretion/diversity 不合逻辑。【考点】单句理解
5. **entire** 【思路】sends winds over the \_\_\_ globe; wholesome“健全的”与 globe 搭配不当，total 强调数量总量、all 形容具体事物（all the students），entire“完整的”可修饰抽象名词 globe，故选 entire。【考点】词义辨析、单句理解

你的答案： Gentle, hot, heavier, **diversity**, entire  
diversity → difference)

本题得分： 4 / 5 (用时 03:20; 第 4 空)

## Q6 MCM-R #117 Ancient DNA

多选 · 评分 0 / 2

### 文章 Passage

Analysis of ancient DNA from one of the best-preserved Neolithic tombs in Britain has revealed that most of the people buried there were from five continuous generations of a single extended family.

By analyzing DNA extracted from the bones and teeth of 35 individuals entombed at Hazleton North long cairn in the Cotswolds-Severn region, the research team was able to detect that 27 of them were close biological relatives. The group lived approximately 5700 years ago – around 3700-3600 BC – around 100 years after farming had been introduced to Britain.

Published in Nature, it is the first study to reveal in such detail how prehistoric families were structured, and the international team of archaeologists and geneticists say that the results provide new insights into kinship and burial practices in Neolithic times.

译 对英国保存最完好的新石器时代墓葬之一的古 DNA 分析显示，葬于此处的人大多来自同一个大家族连续五代的成员。研究团队分析了科茨沃尔德-塞文地区 Hazleton North 长石冢中 35 个个体的骨骼与牙齿 DNA，发现其中 27 人是近亲。该群体生活在约 5700 年前（约公元前 3700–3600 年），约在农业传入英国 100 年后。该研究发表于《自然》，是首个如此详细揭示史前家庭结构的研究；这支国际团队表示，结果为新石器时代的亲属关系与丧葬习俗提供了新见解。

### 题目 Question

What has been revealed by analysis of ancient DNA from one of Britain's best-preserved Neolithic tombs?

### 选项 Choices（正确项绿色加粗）

- A) The results provide new insights into neolithic art.
- B) More than half of them were close relatives.**
- C) Agriculture hadn't been invented when the group were living.
- D) All of the people buried in the neolithic tombs are descended from five generations of one extended family.
- E) It reveals the details of the organization of the prehistoric family.** 正确答案 B, E 你的答案
- D 本题得分: 0 / 2 (用时 02:16)

## Q7 MCM-R #119 Television

多选 · 评分 2 / 2

### 文章 Passage

There's bad news for parents who frequently plop their kids in front of the TV to give themselves a break: It might actually end up leaving moms and dads more stressed.

Why? Because the more television that kids watch, the more they're exposed to advertising messages. The more advertising they see, the more likely they are to insist on purchasing items when they go with their parents to the store – and perhaps make a fuss if told “no.” All that, researchers say, may contribute to parents' overall stress levels, well beyond a single shopping trip.

The findings come from a University of Arizona-led study, published in the International Journal of Advertising, that explores the potential effects of children's television watching habits on their parents' stress levels.

“The more advertising children see, the more they ask for things and the more conflict is generated,” said lead study author Matthew Lapierre, an assistant professor in the UArizona Department of Communication in the College of Social and Behavioral Sciences. “What we haven't looked at before is what the potential effect is on parents. We know kids ask for things, we know it leads to conflict, but we wanted to ask the next question: Could this be contributing to parents' overall stress?” The study suggests that it could. There are a few things parents can do, perhaps the most obvious of which is limiting screen time.

译 对于经常把孩子丢在电视前以求清闲的父母来说，有个坏消息：这样做最终可能让爸妈更焦虑。为什么？因为孩子看的电视越多，接触的广告越多；看的广告越多，就越可能在和父母逛商店时坚持要买东西——被拒绝还可能大吵

大闹。研究人员说，这一切都会加重父母的整体压力，远不止一次购物。该发现来自亚利桑那大学主导、发表于《国际广告期刊》的研究，探讨儿童看电视习惯对父母压力的潜在影响。主要作者、传播系助理教授 Matthew Lapierre 说：“孩子看的广告越多，要的东西越多，冲突也越多。我们以前没研究过对父母的潜在影响……我们想问：这会不会加重父母的整体压力？”研究表明确实可能。父母能做的事中，最明显的或许是限制屏幕时间。

### 题目 Question

What can we infer from the passage?

### 选项 Choices (正确项绿色加粗)

A) When watching one television ad, children purchase one thing from it.

**B) Children will ask for more things when they watch more ads, which can lead to more conflict.**

C) Children's habit of watching TV has definitely no impact on parents' stress level.

D) For parents, putting their children in front of the TV tends to make themselves happy.

**E) Parents can reduce their stress by limiting their children in watching TV.** 正确答案 B, E

你的答案 B, E 本题得分: 2 / 2 (用时 02:27, 全对)

## Q8 RO #361 Research Report

段落重排 · 评分 2 / 4

### 乱序段落 Paragraphs

- 1) In fact, this final stage – writing up your research – may be one of the most difficult.
- 2) I know you won't want to hear this, but your work is still far from done.
- 3) And, in many research projects you will need to write multiple reports that present the results at different levels of detail for different audiences.
- 4) So now that you've completed the research project, what do you do?
- 5) Developing a good, effective and concise report is an art form in itself.

译 (按正确顺序) 你已完成研究项目，接下来该做什么？——我知道你不爱听，但工作还远未完成；事实上，撰写研究报告这一最后阶段可能是最难的；写出好的、有效且简洁的报告本身就是一门艺术；而且在许多项目里，你还要为不同受众写多份详略不同的报告。正确顺序 4 → 2 → 1 → 5 → 3 你的顺序 5 → 4 → 2 → 1 →

3 本题得分: 2 / 4 (用时 02:20)

## Q9 RO #24 Inuit

段落重排 · 评分 3 / 3

## 乱序段落 Paragraphs

- 1) Young children don't possess these qualities and are easily angered, cry frequently and are incapable of understanding the external difficulties facing the community, such as shortages of food.
- 2) Jean Briggs has worked with the Inuit of the Canadian Arctic and has described how, within these communities, growing up is largely seen as a process of acquiring thought, reason and understanding (known in Inuit as ihuma).
- 3) It's only when they are older and begin to acquire thought that parents attempt to teach them or discipline them.
- 4) Because they can't be reasoned with, and don't understand, parents treat them with a great deal of tolerance and leniency.

**译** (按正确顺序) Jean Briggs 与加拿大北极的因纽特人共事, 描述了在这些社区里, 成长被视为获得思想、理性与理解(因纽特语 ihuma)的过程; 幼儿不具备这些品质, 易怒、常哭, 无法理解社区面临的外部困难(如食物短缺); 因为无法跟他们讲道理、他们也不理解, 父母对他们极为宽容忍让; 只有当他们长大、开始获得思想时, 父母才会尝试教导或管教。 **正确顺序 2 → 1 → 4 → 3**      **你的顺序 2 → 1 → 4 → 3**      **本题得分: 3 / 3**

(用时 00:54, 全对)

## Q10 FIBD&D #540 Shrimp Farms

读填空 (拖词) · 评分 0 / 4

### 文章 Passage (含填空作答)

Over the past two decades around a third of the world's mangrove swamps have been ~~X comprised~~ (答案: converted) for human use, with many turned into valuable shrimp farms. In 2007 an economic study of such shrimp farms in Thailand showed that the commercial profits per hectare were \$9,632. If that were the only factor, conversion would seem an excellent idea.

However, proper ~~X study~~ (答案: accounting) shows that for each hectare government subsidies formed \$8,412 of this figure and there were costs, too: \$1,000 for pollution and \$12,392 for losses to ecosystem services. These ~~X productivity~~ (答案: comprised) damage to the supply of foods and medicines that people had taken from the forest, the loss of habitats for fish, and less buffering against storms. And because a given shrimp farm only stays ~~X accounting~~ (答案: productive) for three or four years, there was the additional cost of restoring them afterwards.

**译** 过去二十年里, 全球约三分之一的红树林沼泽被转作人类用途, 许多变成了有利可图的养虾场。2007 年一项对泰国此类养虾场的经济研究显示, 每公顷商业利润为 9,632 美元; 若这是唯一因素, 转化似乎是个绝佳主意。然而恰当核算表明, 政府补贴占了其中 8,412 美元, 且还有成本: 1,000 美元用于污染、12,392 美元用于生态系统服务损失。这些损失包括人们从森林获取的食物和药品供应受损、鱼类栖息地丧失、对风暴的缓冲减弱。又因为一个养虾场只能维持三四年产出, 之后还要付出修复的额外成本。

## 词库 Word Bank (拖词入空, 正确答案加粗)

1) regenerating 2) study 3) estimated 4) **accounting** 5) productivity 6) **productive** 7) **converted** 8) **comprised**

## 解析 Explanation

**1. converted** 【思路】...mangrove swamps have been \_\_\_\_ for human use, with many turned into shrimp farms; 前后可推断红树林被人类所用, with 也进一步解释“人们把红树林变成养虾场”; 表被动的动词 estimated“估计”、converted“转化”、comprised“组成”中, 只有 converted 说得通。【考点】单句理解

**2. accounting** 【思路】However, proper \_\_\_\_ shows that...; 空格在形容词 proper 后、谓语 shows 为三单, 应填名词; study 仅在“学习”时不可数, productivity“生产力”代入不通顺, 故选 accounting“核算”。【考点】主谓一致 + 单词辨析

**3. comprised** 【思路】These \_\_\_\_ damage to the supply of foods and medicines...; these 是主语、damage 是宾语, 中间应填动词作谓语; study/estimated/comprised 中只有 comprised“包括”说得通。【考点】单句理解

**4. productive** 【思路】a given shrimp farm only stays \_\_\_\_ for three or four years; stay 为半系动词, 接形容词/副词表“保持……状态”; study/productivity/productive 中, 虾场不可能“继续是学习/生产力”, 故选 productive, 即“虾场仅能在 3-4 年保持产出”。【考点】单句理解

你的答案: **comprised, study, productivity, accounting** 本题得分: **0 / 4** (用时 01:58; 四空全错, 正确为 converted / accounting / comprised / productive)

## Q11 FIBD&D #22 Professional Astronomers

读填空 (拖词) · 评分 1 / 5

## 文章 Passage (含填空作答)

Professional astronomers, ~~X equipped~~ (答案: unlike) their amateur counterparts, have no particular interest in the aesthetic quality of their photographs. What ~~X concerns~~ (答案: matters) to them is the contribution their images can ~~X use~~ (答案: make) to research, and to the ~~✓ collection~~ of data scientists in their field ~~X make~~ (答案: use) for research purposes.

译 职业天文学家与业余天文学家不同, 他们对照片的美学质量并无特别兴趣。对他们来说重要的是, 他们的图像能为研究、以及为本领域数据科学家所做的数据采集作出怎样的贡献, 并供研究之用。

## 词库 Word Bank (拖词入空, 正确答案加粗)

1) **make** 2) equipped 3) **unlike** 4) **matters** 5) **use** 6) **collection** 7) put 8) concerns

## 解析 Explanation

- 1. unlike** 【思路】Professional astronomers, \_\_\_ their amateur counterparts, ...; 该短语前后皆逗号、是主干完整句中的插入语, 应选介词, 只有 unlike “不像”; amateur 与 professional 相对立也可判断。【考点】介词; 单句理解
- 2. matters** 【思路】What \_\_\_ to them is the contribution...; what 引导主语从句缺谓语, 主句谓语单数 is, 故选三单动词; matters/concerns 中, 搭配介词 to (matter to sb.) 常见, 而 concern 为及物动词不搭 to, 故选 matters。【考点】主谓一致; 单句理解
- 3. make** 【思路】the contribution (that) their images can \_\_\_ to research; 情态动词 can 后接动词原形; make/use/put 中, 与 contribution 搭配只有 make, 构成 make contribution to “对……做贡献”。【考点】定语从句; 固定搭配; 单句理解
- 4. collection** 【思路】and to the \_\_\_ of data scientists in their field; 名词 of 结构 (A of B) 应填名词; collection/use/concerns 中, 全文主旨是图像对天文学家的作用——能促进数据采集而非使用, 故选 collection “采集”。【考点】名词 of 结构; 上下文理解
- 5. use** 【思路】scientists in their field \_\_\_ for research purposes (省略 that 的从句, 修饰 data), 缺谓语、主语 scientists 为复数, 应填动词原形; use/put 中, 作用对象是 data, “使用数据”比“安置数据”恰当, 选 use。【考点】定语从句; 主谓一致; 动宾搭配

你的答案: **equipped, concerns, use, collection, make** 本题得分: **1 / 5** (用时 01:10; 仅第 4 空 collection 正确)

## Q12 FIBD&D #31

读填空 (拖词) · 评分 **1 / 5**

注: 原图本题标题处留空 (平台仅重复显示题型 “FIBD&D”), 下文按内容暂记为 De Quincey / Forgetting。

## 文章 Passage (含填空作答)

Thomas De Quincey once said that there is no such thing as forgetting — a rather frightening **X information** (答案: **thought**). If we could remember everything all the time, not to **X say** (答案: **mention**) those things we feel **✓ ashamed** or guilty about, life would be unbearable. Naturally, we remember shocking and dramatic events better than any **X mention** (答案: **others**). The things we most often forget are names, numbers, dates, **X theory** (答案: **information**) learned by cramming for exams, and things we don't understand.

**译** 托马斯·德·昆西曾说, 世上没有遗忘这回事——这是个相当可怕的想法。如果我们能一直记住所有事, 更不用说那些让我们感到羞愧或内疚的事, 生活将令人难以忍受。很自然, 我们对令人震惊和戏剧化的事件记得比其他任何事都清楚。我们最常忘记的是名字、数字、日期、为应付考试死记硬背学来的信息, 以及我们并不理解的东西。

## 词库 Word Bank (拖词入空, 正确答案加粗)

1) **others** 2) say 3) **mention** 4) **information** 5) **ashamed** 6) know-how 7) theory 8) **thought**

## 解析 Explanation

1. **thought** 空格在形容词 frightening 之后、受 a 修饰，应选单数名词；mention/theory/thought/know-how 中，该处修饰“没有事情像遗忘一样令人害怕”——这是一个想法、并未形成系统理论，故选 thought。【解题思路：形容词 + 名词结构；单句理解】

2. **mention** 考察 not to do 结构，应填动词原形；not to say“虽不能说”vs not to mention“更不用说”；这里 everything 与 those things we feel guilty about 是包含递进、无让步关系，故选 mention。【解题思路：固定搭配；单句理解】

3. **ashamed** 空格在并列结构 or 中、与 guilty 并列，应选形容词，只有 ashamed“羞愧的”。【解题思路：并列结构；单句理解】

4. **others** 空格在形容词 any 之后，选名词/代词；与 any 构成 better than 的比较对象；theory/know-how/information 均不合（震惊戏剧性事件本身也是信息，无“一种信息比任何信息更易记”之逻辑），只有 others 合适。【解题思路：比较句结构；单句理解】

5. **information** 空格在多个逗号并列中，与 names、numbers、dates 并列，应选复数名词或不可数名词，只有 information“信息”。【解题思路：并列结构；单句理解】

你的答案: **information, say, ashamed, mention, theory**    本题得分: **1 / 5**    (用时 02:02; 仅第 3 空 ashamed 正确)

## Q13 FIBD&D #41 Ideas

读填空 (拖词) · 评分 2 / 5

## 文章 Passage (含填空作答)

Ideas as well as people can take ~~X familiar~~ (答案: center) stage at the right time and the right place. If new ideas are to have a wide-ranging ~~✓ effect~~, they had better occur at the right time – usually when old theories are worn out or have reached a dead ~~X center~~ (答案: end). Then they make people think along new lines and in ways that may ~~✓ lead~~ in unexpected directions. These ideas needn't be new in themselves. They can be older, half-forgotten ideas brought back to life, or new combinations of ~~X unknown~~ (答案: familiar) ones presented in a new light.

**译** 思想和人一样，可以在恰当的时间和地点占据舞台中心。如果新思想要产生广泛影响，最好出现在恰当的时机——通常是在旧理论陈旧不堪或已走入死胡同之时。然后它们会让人们沿着新思路思考，并可能引向意想不到的方向。这些思想本身不必是全新的，它们可以是被重新唤起的、古老而半被遗忘的想法，或是以全新视角呈现的熟悉想法的新组合。

## 词库 Word Bank (拖词入空，正确答案加粗)

1) **center** 2) **effect** 3) **end** 4) **familiar** 5) front 6) unknown 7) **lead** 8) stop

## 解析 Explanation

- 1. center** 空格在名词 stage 前, 应选形容词; center/familiar/front/unknown 中, 主语是 ideas 和 people、修饰 stage, 排除 unknown、familiar, front stage “舞台前面” 语义不搭, 故选 center (take center stage 占据舞台中心)。【解题思路: 形容词 + 名词结构; 单句理解】
- 2. effect** 空格在形容词 wide-ranging 后、受 a 修饰, 应选单数名词; effect/end/front 中, 新思想无法拥有广泛的 end 或 front, 选 effect (have an effect on 固定短语)。【解题思路: 形容词 + 名词结构; 单句理解】
- 3. end** 考察 reach a dead end “走入死胡同” 这一固定搭配。【解题思路: 固定搭配; 单句理解】
- 4. lead** 空格在情态动词 may 后、缺谓语, 应选动词原形; lead/stop 中, 搭配介词 in, stop in unexpected directions 语义不通, 故选 lead。【解题思路: 情态动词 + 动词原形; 单句理解】
- 5. familiar** 空格在名词 ones 前, 应选形容词; familiar/front/unknown 中, 前文说思想本身不必是新的、可由旧思想衍生, 且该空与 new 对应, 若选 unknown 则 new 多余 (未知本就是新), 故选 familiar 与 new 对应更好。【解题思路: 形容词 + 名词结构; 单句理解】

你的答案: familiar, effect, center, lead, unknown      本题得分: 2 / 5      (用时 02:29; 第 2、4 空正确)

## Q14 FIBD&D #48 Multinational Companies

读填空 (拖词) · 评分 1 / 3

## 文章 Passage (含填空作答)

Multinational companies are often criticized for a number of reasons, but we cannot deny their ✓ positive impact. Employment opportunities are generated for locals in the overseas country. When multinational companies set up manufacturing plants, there is often an increased ✗ purchase (答案: availability) of products for local consumers, which profits the local economy. Training is also sometimes provided in the use of technology; moreover, the experience and knowledge that the employees ✗ availability (答案: gain) strengthens their skills and overall employability.

**译** 跨国公司常因种种原因受到批评, 但我们无法否认它们的积极影响。它们为海外东道国的当地人创造了就业机会。当跨国公司设立制造工厂时, 当地消费者往往能获得更多产品, 这有利于当地经济。有时还会提供技术使用方面的培训; 此外, 员工所获得的经验和知识也增强了他们的技能和整体就业能力。

## 词库 Word Bank (拖词入空, 正确答案加粗)

1) positive 2) gain 3) purchase 4) negative 5) availability 6) benefit

## 解析 Explanation

- 1. positive** 空格在名词 impact 前, 应选形容词; positive/negative 中, 该句由 but 引导、与前文语义相反 (前文是批评、贬义), 故后句为褒义, 选 positive。【解题思路: 形容词 + 名词结构; 单句理解】
- 2. availability** 空格在形容词 increased 后、属 xx of+n 结构, 应选单数名词; availability/benefit/purchase 中, 受 products 修饰、对消费者而言产品 benefit 增加并不直接利己 (谈不上 for local consumers), purchase 一般无 an increased purchase 用法且语义不通, 故选 availability “可获得性”。【解题思路: 形容词 + 名词结构; 单句理解】
- 3. gain** 从句主语 employees 后缺谓语、全文一般现在时, 应选动词原形; gain/purchase/benefit 中, 从句修饰 experience and knowledge, 知识经验无法 purchase、employees benefit 知识也不通, 故选 gain “获得”。【解题思路: 动宾搭配; 单句理解】

你的答案: positive, purchase, availability  
确, 第 2、3 空填反)

本题得分: 1 / 3 (用时 01:12; 仅第 1 空 positive 正

### Q15 MCS-R #158 Mafia

单选 · 评分 1 / 1

#### 文章 Passage

In organized crime there is a hierarchy, with higher-ranking members making decisions that trickle down to the other members of the family. The Mafia is not a single group or gang — it is made up of many families that have, at times, fought each other in bitter, bloody gang wars. At other times, they have cooperated in the interest of greater profits, sometimes even serving on a “Commission” that made major decisions affecting all the families. Most of the time, though, they simply agree to stay out of each other’s way.

译 在有组织犯罪中存在等级制度，高层成员做出的决定层层向下传递到家族其他成员。黑手党并非单一团伙——它由许多家族组成，这些家族有时在残酷血腥的帮派战争中相互争斗，有时又为了更大利益而合作，甚至会派人参加一个为所有家族做重大决定的“委员会”。不过大多数时候，它们只是约定互不干涉。

#### 题目 Question

From the author’s description of Mafia, which of the following statement is true?

#### 选项 Choices (正确项绿色加粗)

- A) The Mafia is just a single gang that is divided into several different families.
- B) Families may fight with each other or work together depending on the circumstances.**
- C) Organized crime is believed to be related to the Mafia.
- D) When there is a fight between two families, a “Commission” will decide how to settle it. 正确答案 B

你的答案 B 本题得分: 1 / 1 (用时 00:33, 正确)

### Q16 MCS-R #161 Healthy Lifestyle

单选 · 评分 1 / 1

#### 文章 Passage

Ever wondered about changing your life for the better? Maybe you’re interested in losing weight, being more active or just feeling healthier. To live a healthier life you’ll most likely need to make some adjustments in a wide variety of areas. Being “healthy” is based on many things including: your genetics, diet, exercise routine and lifestyle choices. Since you cannot control your genes, making changes to items you have control over can help lead to a healthier lifestyle. Focus on making small changes to your diet, exercise and other lifestyle factors to help make you healthier.

译 曾想过让生活变得更好吗？也许你想减肥、更有活力，或只是感觉更健康。要过上更健康的生活，你很可能需要在各方面做出一些调整。“健康”取决于很多因素，包括基因、饮食、运动习惯和生活方式选择。既然你无法控制基因，那么对你能掌控的事情做出改变，就有助于走向更健康的生活方式。把重点放在对饮食、运动和其他生活方式

因素做出小的改变，以帮助自己更健康。

### ■ 题目 Question

What is the main idea of the text?

### ■ 选项 Choices (正确项绿色加粗)

**A) A healthier life requires various small changes to diverse aspects of our life, such as diet, exercise and so on.**

B) Healthier lifestyles can bring people a great deal of benefits, including losing weight, being more active and feeling healthier.

C) Some delicate adjustments in a limited scope of areas are believed to help us to lead a healthier lifestyle.

D) Apart from making small changes to our life, controlling our genes can also make us healthier. **正确**

**答案 A**    **你的答案 A**    **本题得分: 1 / 1**    (用时 00:34, 正确)
